

PROFILE

Enthusiastic and motivated high school student with strong communication, teamwork, and problem-solving skills. Seeking to apply my abilities in a part-time position where I can contribute to the team and gain valuable work experience.

EDUCATION

Sri Krishna College of Technology
Coimbatore, Tamil Nadu
CGPA: 7.5
Information Technology

PROJECTS

- MyFlix – Movie Web Application (Nov 2025 – Jan 2026)**
Developed a responsive movie web application that allows users to browse, search, and explore movie details through an interactive interface. Implemented dynamic content handling and user-friendly navigation using modern frontend technologies.
- To-Do List Application (Jul 2025 – Aug 2025)**
Built a task management application to help users efficiently organize daily activities with features like adding, editing, and deleting tasks. Designed a simple and responsive interface for better usability.
- Object Detection System (Mar 2026 – Apr 2026)**
Developed an object detection system using computer vision and machine learning techniques to identify objects from images or video streams. Implemented real-time detection and image processing functionalities using Python and OpenCV.

EXTRACURRICULAR ACTIVITIES

Aug-2025

Mastering GenAI Hands-on Workshop, SRM Institute of Science and Technology

- Participated in a hands-on workshop on Prompt Engineering and AI Tools, gaining practical knowledge in generative AI concepts and modern AI-based productivity tools.
